Keep the Border Patrol at the border.

We, the undersigned, urge that personnel, activities and funding for Border Patrol inside our nation's borders be reduced, and that Homeland Security facility expansion be suspended:

- **STOP Border Patrol checkpoints on our highways and at ferry terminals, except at regular, established international border crossings.**
- **STOP Border Patrol ethnic and racial profiling.**
- **STOP Border Patrol surveillance, questioning and detaining inside our borders.**
- **STOP planned expansion for Dept. of Homeland Security Headquarters and/or detention facilities.**

We oppose Border Patrol activities inside our borders. These activities abuse our civil liberties, waste physical and financial resources, and do not enhance border security.

NAME	ADDRESS	CITY/ZIP

Border Patrol practices—such as improper search and seizure, stopping/questioning/detaining without reasonable suspicion, and targeting of minorities—violate our constitutional rights and create a climate of fear in our communities. These activities are occurring in government buildings, on school campuses, at social and health services, on buses, at places of worship, at workplaces, in minority neighborhoods, and other public spaces. This federal enforcement buildup inside our nation's borders is a misuse of tax dollars. Funding devoted to this misdirected program can be better used to support critical education, health, social services, and infrastructure needs.

Uphold Civil Liberties • Redirect Tax Dollars • Protect Minorities
